Personal Statement

Dedicated to exploring human behavior and researching mental health. I'm a pioneer in EEG and sports research in Portugal, with extensive experience in EEG recording and data analysis. Working abroad and collaborating with international peers has resulted in impactful publications. I was honored with a prestigious sports medicine award and scholarships. As the Principal Investigator on a neuroscience project, I honed my leadership and research skills.

Professional Experience

- 02/2023 - 09/2023 ■ **Assistant Professor**, Institute of Psychology - Jagiellonian University, Kraków, Poland
Uncovered insights into schizophrenia using EEG and fMRI.
- 10/2021 - 01/2023 ■ **Postdoctoral Researcher**, Life Quality Research Centre – ESDRM, Rio Maior, Portugal
As Principal Investigator, pioneered brain mapping during exercise via wireless EEG.
- 09/2017 - 12/2020 ■ **Graduate Researcher**, Robotics and Systems in Engineering and Science Lab, IST, Lisbon
Developed athlete-tailored neurofeedback protocols for cognitive enhancement.
- 09/2014 - 07/2021 ■ **Senior Fitness Instructor**, Faculty of Human Kinetics, Lisbon, Portugal
Provided exercise guidance to elderly in a faculty program with over 40 years of history.

Academic Qualifications

- 10/2015 - 01/2020 ■ **Ph.D.** in Exercise Physiology, Faculty of Human Kinetics, Lisbon, Portugal
EEG Neurofeedback in Active and Athlete Students: A Methodological Approach
- 09/2013 - 07/2015 ■ **M.Sc.** in Exercise and Health, Faculty of Human Kinetics, Lisbon, Portugal
- 09/2010 - 07/2013 ■ **B.Sc.** in Sports Science, University of Évora, Évora, Portugal

Skills

Proficient Intermediate Beginner

- Languages ■ Portuguese English French
- Programming ■ Matlab Java Script Python
- Data Analysis ■ SPSS R Tableau
- Data Management ■ Excel SQL SnowFlake
- Miscellaneous ■ Academic Research Writing & Editing Publishing Consultation L^AT_EX
